Who should attend:

- Psychologists and Psychometrists registered with the HPCSA, as well as interns in these two fields.

Course Overview

The MSCEIT is an ability-based assessment of emotional intelligence and measures a person's capacity for reasoning with emotional information. It employs a variety of interesting and creative tasks to elicit valuable information about your respondents' emotional intelligence skills. The MSCEIT is also a reliable tool for determining if development strategies have been effective and clients' abilities have improved.

Agenda
