By: George J. DuPaul and Gary Stoner Produced by Steve Lerner
Duration: 35 minute DVD

DVD Overview

Classroom Interventions for ADHD

This informative video provides an overview of intervention approaches that can be used to help students with ADHD enhance their school performance while keeping the classroom functioning smoothly.

Assessing ADHD in the Schools

This dynamic programme demonstrates an innovative model for assessing ADHD in the schools. In a departure from other approaches, DuPaul and Stoner depict assessment as a collaborative, problem-solving process that is inextricably linked to the planning of individualized interventions.
